WHAT IS THE THIRD SIDE?

The Third Side is a way of looking at the conflicts around us not just from one side or the other but from the larger perspective of the surrounding community.

Taking the Third Side means I will

- Seek to understand both sides of the conflict
- Encourage a process of cooperative negotiation and speaking out against any abuse or violence
- Support an inclusive solution one that fairly meets the essential needs of both sides and the community

Any of us can take the Third Side anytime at home, at work, in the community and in the world.
